

We invite you to Melbourne in 2009

27-31 October

Melbourne Convention and Exhibition Centre

AusBiotech 09, incorporating the inaugural Asia Pacific Biotechnology Convention, will be an unprecedented opportunity to mix with established and emerging companies from the region and beyond. The Asia-Pacific is a rapidly developing region for the biotech and medtech industries. Held at the brand new Melbourne Convention and Exhibition Centre, AusBiotech 09 brings together companies, research institutions, governments and investors in a forum where industry capabilities are showcased and potential collaborations explored.
